## BAND STORY

"

Big Kitty Studios is a full line recording studio. We specialize in drum track creation for independent artists. We also offer tracking, mixing, and mastering. We cater specifically to independent artists and offer the services they need including:

Professional mixing and mastering on top of the line equipment

MIDI rendering using only the finest sounds and samples available

Drum/instrument track creation using professional studio musicians

Acoustic, electronic, and blended drum recording using professionally tuned instruments

Long distance colaboration

Big Kitty is also fully mobile. We have the ability to come to you and record your band or worship team where you are. We then take these tracks back to our studio and mix and master them for you or we can give you the raw audio. If you are interested in learning more please don't hesitate to contact us.

### Equipment

A lot of studios will tout how they have this piece of gear or that program... While it is true that quality equipment is necessary to make a quality product, at Big Kitty we believe there's so much more to a studio than the names. For those of you who aren't tech savvy and don't care as long as it sounds good, let me assure that we pair top of the line equipment with top of the line experience to give you what you're looking for. For the resident gear head...
