About Sons of Levi

Quincy & the Sons of Levi Band may be new to the Great North West but are definitely seasoned when it comes to music and performance. To date Quincy has released four full length original CD projects with the name Sons of Levi. Although there have been different versions with different musicians that made up the band, one constant has remained. That is the passion and desire that Quincy has to write and perform music that reaches inside the listener. Quincy writes songs that are full of melodies and hooks that captures the attention of those listening. His lyrics bring a positive message offering hope and encouragement to the audience.

Musical Style

The best overall description would be described as Classic Rock. Raised on great bands and artists of my generation like Santana, Steve Miller, Journey, Tom Petty, Billy Joel, Steppenwolf, Pink Floyd, The Eagles and the like, I was definitely influenced by these greats and more. Sons of Levi, although mostly original also add some favorite classic rock songs into the mix.
