

Worship Cafe Praise Band

BAND STORY

"

The Worship Cafe launched October of 2007. With that the Worship Cafe Praise Team was formed to facilitate worship during the Worship Cafe services.

Worship Cafe is designed to reach out to those who for what ever reason do not prefer a traditional style church service. It is also for those who may know nothing at all about "church". Our purpose is to provide an atmosphere that is not thetatering but rather a place where they can discover community and the love of God.

For some their first introduction to Jesus happens when they come through the doors of the cafe. Our goal is to allow each and every person the opportunity to have their Journey with Christ. The setting is "Cafe" style with cafe tables and comfortable surroundings. We strive to touch the 5 senses in some way during each service. We are blessed to have some very talented people at the Worship Cafe services who help provide the music.

The WC Praise Bands work hard to be sensitive regarding the people before us. We try not to play songs that are full of "religious" words and phrases that people who have not been raised in church do not understand. In fact we often play songs that they may hear on the radio but point the meaning towards Christ. We do not water down the messages but Lance works hard to communicate what God wants in everyday speak. We know we are different and do not apologize for our

methods. God has produced much fruit through this ministry and that's what our purpose is all about.

We are in the process of moving the Cafe's to another location to provide for the growth that God has been bringing to Saturday Nite and Sunday Morning WC. Our hope is to be up and running in the larger location sometime right after the New Year.
